This book will help you better understand identity theft and see how you can protect yourself and your family from it. It has been written as a general overview outlining the main things you need to know about this subject. It's a short read and a great start for people who know little about the subject.

Identity theft is a crime whereby criminals impersonate individuals, usually for financial gain. In today's society, you often need to reveal personal bits of information about yourself, such as your social security number, signature, name, address, phone number, cell number or even banking and credit card information.

Armed with your personal information, a malicious person could do any number of things, like apply for loans or new credit card accounts. It's possible they could request a billing address change and run up your existing credit card without your knowledge. A thief could use counterfeit checks and debit cards or authorize electronic transfers in your name and wipe out funds in a bank account.

Identity theft can also go beyond a monetary impact. Thieves can use your information to obtain a driver's license or other documentation that would display their photo but your name and information. With these documents thieves could to obtain a job and file fraudulent income tax returns, apply for travel documents, file insurance claims, or even provide your name and mailing address to police and other authorities if involved in other criminal activities. This book will help you understand and prevent this problem from happening to you.

Much, much more!
