The Portuguese Quick Grammar is a handy Portuguese language reference that distills all the essentials of Portuguese grammar - nouns, pronouns, verbs, adjectives, adverbs, prepositions, pronouns, conjunctions & interjections - into a highly organized guide with thorough explanations. Ideal for study alongside any Portuguese language lessons or for use in any classroom course. Examples contrast usage in Brazil and Portugal, and explanations highlight key terms and concepts for easy cross referencing. Each page lists the main part of speech (like Portuguese nouns) and the subtopic (like noun gender) for ease of navigation. The appendix focuses on the thorny topic of Portuguese verbs, including a full chart of regular verb endings and a thorough table of irregular verbs. The book ends with a short list of grammatical terms in Portuguese and English and a full reference index.
