The Law of Attraction: Thought Vibration in the Thought World William Walker Atkinson

William Walker Atkinson was one of the earliest authors who taught people how to use the law of attraction to create unlimited abundance and rapid energetic shifts. Decades before Rhonda Byrnes' "The Secret" or Esther and Jerry Hick's "The Amazing Power of Deliberate Intent", he showed readers how to use the power of desire, thought and concentration to attract wealth, health, happiness and success. As Mr. Atkinson explains it: "One draws to himself thought waves corresponding in character with the nature of the prevailing thoughts in his own mind—his mental attitude. Then again he begins to set into motion the great Law of Attraction, whereby he draws to him others likely to help him, and is, in turn, attracted to others who can aid him. This Law of Attraction is no joke, no metaphysical absurdity, but is a great live working principle of Nature, as anyone may learn by experimenting and observing." This book **works**, but only if the Exercises are put into practice. This version includes a handy lesson overview with copyable weekly charts to track your progress. This book includes the full, original text re-typeset and designed by Advanced Thought Publishing. Chapter 1. The Law of Attraction in the Thought World Chapter 2.
