# The Practice of Computing Using Python (3rd Edition)

*William F. Punch, Richard Enbody*

**The Practice of Computing Using Python (3rd Edition)** William F. Punch, Richard Enbody  
*For courses in Python Programming*

## **Introduces Python programming with an emphasis on problem-solving**

Now in its **Third Edition**, *Practice of Computing Using Python* continues to effectively introduce readers to computational thinking using Python, with a strong emphasis on problem solving through computer science. The authors have chosen Python for its simplicity, powerful built-in data structures, advanced control constructs, and practicality. The text is built from the ground up for Python programming, rather than having been translated from Java or C++.

Focusing on data manipulation and analysis as a theme, the text allows readers to work on real problems using Internet-sourced or self-generated data sets that represent their own work and interests. The authors also emphasize program development and provide readers of all backgrounds with a practical foundation in programming that suit their needs. Among other changes, the **Third Edition** incorporates a switch to the Anaconda distribution, the SPYDER IDE, and a focus on debugging and GUIs.

## **Also available with MyProgrammingLab™**

**MyProgrammingLab** is an online learning system designed to engage students and improve results. MyProgrammingLab consists of a set of programming exercises correlated to specific Pearson CS1/Intro to Programming textbooks. Through practice exercises and immediate, personalized feedback, MyProgrammingLab improves the programming competence of beginning students who often struggle with the basic concepts of programming languages.

**Note:** You are purchasing a standalone product; MyLab™ & Mastering™ does not come packaged with this content. Students, if interested in purchasing this title with MyLab & Mastering, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information.

If you would like to purchase both the physical text and MyLab & Mastering, search for:

**0134520513 / 9780134520513** *The Practice of Computing Using Python plus MyProgrammingLab with Pearson eText -- Access Card Package, 3/e*

Package consists of:

- 0134381327 / 9780134381329 *MyProgrammingLab with Pearson eText -- Access Card Package*
- 0134379764 / 9780134379760 *The Practice of Computing Using Python, 3/e*

### **From reader reviews:**

#### **Richard Capps:**

In this 21st one hundred year, people become competitive in every single way. By being competitive right now, people have to do something to make themselves survive, being in the middle of the crowded place and notice by simply surrounding. One thing that sometimes many people have underestimated that for a while is reading. Sure, by reading a publication your ability to survive improves then having a chance to stand than other is high. To suit your needs who want to start reading the book, we give you this The Practice of Computing Using Python (3rd Edition) book as a nice and daily reading publication. Why, because this book is more than just a book.

#### **Clara Palmer:**

The knowledge that you get from The Practice of Computing Using Python (3rd Edition) will be the more deep you look for the information that hides inside the words the more you get considering reading it. It does not mean that this book is hard to be aware of but The Practice of Computing Using Python (3rd Edition) gives you an excitement and feeling of reading. The article writer conveys their point in a selected way that can be understood by means of anyone who reads this because the author of this review is well-known enough. This book also makes your personal vocabulary increase well. Therefore it is easy to understand then can go with you, both in printed or e-book style are available. We highly recommend you for having this kind of The Practice of Computing Using Python (3rd Edition) instantly.

#### **Jacob Hill:**

This The Practice of Computing Using Python (3rd Edition) are usually reliable for you who want to be described as a successful person, why. The main reason of this The Practice of Computing Using Python (3rd Edition) can be among the great books you must have is giving you more than just simple looking at food but feed anyone with information that maybe will shock your previous knowledge. This book will be handy, you can bring it everywhere and whenever your conditions both in e-book and printed types. Besides that this The Practice of Computing Using Python (3rd Edition) gives you an enormous of experience for instance rich vocabulary, giving you a trial run of critical thinking that we know is useful in your day exercise. So, let's have it and enjoy reading.

#### **John Johnson:**

Can you one of the book lovers? If so, do you ever feel doubt when you find yourself in the book store? Make an effort to pick one book that you find out the inside because don't assess book by its cover may doesn't work is a difficult job because you are afraid that the inside maybe not as fantastic as in the outside appearance likes. Maybe your answer could be The Practice of Computing Using Python (3rd Edition) why because the excellent cover that makes you consider about the content will not disappoint anyone. The inside or content is actually fantastic as the outside or even cover. Your reading 6th sense will directly show you to

pick up this book.
