Lost Emotion Hank Brooks

Harry wakes up one morning and can't figure out where he is... or why there's a man lying beside him in bed. He knows he is not gay, so who in the world is this man and why are they here together?!

The other guy, Stuart, wakes up and thinks he's joking when he says he can't remember anything until that morning when he woke up. Stuart tries to embrace Harry, but he pulls away and says cruel things to the poor guy because he can't believe he's queer.

That afternoon they go to see the doctor, who is as baffled as Harry is. Dr. Sharpe recommends an MRI for Harry and going back to his usual routine until they find out more, including going to work. Harry does, and even invites Laurie, the hot secretary he never would have given the time of day to if he knew he was gay, to dinner.

Harry fucks Laurie... but screams Stuart's name when he comes! Laurie is so furious that she does not even return to the office.

When Harry comes back home, Stuart is gone. He has visited a friend whom he hints of fucking, and Harry can't explain the jealousy he feels.

Harry is confused, lonely, and very likely sick. When will he realize that he needs Stuart at the most critical time of his life?

This story is also known as "Who Am I?"

SAMPLE 1:

He clasped his hands together. "Harry sweetie," he said, "I'm begging you. Please talk to me." I didn't want him close to me. I was afraid he would make a move on me so I pointed to the bed, and he sat down on the edge. He stared intently into my eyes. I actually felt sorry for the poor guy. I began to think he was concerned for me, and if he was, how did this happen? I was convinced I was not gay. I purposely examined his naked body. It did nothing to me. Hey, maybe he was my brother. I looked at him and there was not one bit of resemblance. I am tall and dark. He was medium height and very fair. His eyes are blue and mine are dark brown. We surely did not look like brothers.

"Harry, if you don't talk to me, I'll go crazy," he pleaded. I took a deep breath and wondered how I could explain all this to him, when I couldn't even explain it to myself. "Please," he begged yet again.

I opened my mouth to speak and the guy looked at me expectantly. I just didn't know how to explain my dilemma so instead of an explanation, I asked, "Who are you?"

SAMPLE 2:

What a night we had. I went down on her at least three times, and she had multiple orgasms each time. She went down on me twice and I climaxed each time. I entered her vaginally once, and we both came yet again. After four or five hours, we fell into an exhausted sleep. About four o'clock in the morning, Laurie woke me. She was stroking my exhausted dick but it wasn't rising to the occasion. When she realized that I was awake, she whispered in my ear, "I'd like you to fuck me from the rear." At first I thought she meant doggie style, but then I thought that maybe she meant the rear door.

"Do you mean anally?" I asked, quite surprised.

"Yes, that's exactly what I mean. I've got some cold cream in my purse that you can use as a lubricant." Her purse was on the floor next to the bed. She reached in and handed me the jar. Then she retrieved another condom and gave it to me. My cock was at full attention yet again.
