## **BECAUSE NO ONE IS ABOVE THE LAW!**

In 2008, Barack Obama made a promise to have the “most transparent administration” of any U.S. president; it was the very cornerstone of his campaign. No secrets. No masks. No smoke and mirrors. No excuses. But over the next four years, President Obama's administration would prove to be one of the most guarded and duplicitous of our time.

Tom Fitton of Judicial Watch, America's largest nonpartisan government watchdog (challenging George W. Bush as well as Bill Clinton), has been investigating Obama ever since he splashed onto the national scene in 2006. Now Fitton exposes devastating secrets the Obama administration has desperately fought—even in court—to keep from the American public. For a while, the Obama stonewall seemed to be holding. Until now. And the revelations are astonishing.

Judicial Watch has unearthed the truth behind such high-profile issues as the bailouts, Obamacare, Guantanamo, Obama's true ties to Bill Ayers and to the Black Panthers voting intimidation scandal, and the Constitution-defying government czars. He reveals Obama's personal war against FOX News, his real link to ACORN, and his radical Chicago connections. Through scores of smoking-gun government files, some replicated here and many unearthed after lengthy court battles, Fitton also discloses the facts of the Obama-backed \$535-million loan guarantee to Solyndra, promoted by the president as a model for economic recovery—only months before its disastrous bankruptcy filing. Here too is the truth behind the gunrunning scandal, code-named Fast and Furious, which was a program generated in secrecy by the U.S. government that supplied thousands of firearms to murderous criminals in Mexico—an unconscionable act, and only one in a series of historical lows for an administration that few, if any, major media in this country dare to expose. This book details how the Obama machine is aggressively employing Chicago-style tactics to steal, if necessary, the 2012 elections. And how Judicial Watch is prepared to go to court with historic lawsuits to make sure the elections are fair and honest.

Why *do* Obama supporters turn a blind eye to his astoundingly unethical and abusive approach to governing this country? *The Corruption Chronicles* boldly, honestly, and factually makes the case that the federal government is now off the rails and out of control, and has literally built its foundation on broken promises,

fatal miscalculations, and a cynical manipulation of its trusting public. But it's not over. Tom Fitton and Judicial Watch are proof that the Tea Party approach to government corruption can make a difference. A grassroots group *can* take on the president, the Congress, and the judiciary, and finally force the government to be held accountable. The uncontestable facts are here, in *The Corruption Chronicles*. To see what is true, you only have to look.
