Unallocated Space (Sam Flatt) (Volume 1) Jerry Hatchett

SPACE. It's not just the glitziest casino ever built; it's the largest man-made structure in history. The scale and technology of this futuristic wonderland have captivated Las Vegas and the world, but beneath the shiny surface, something old lurks and festers. The casino's state-of-the-art gaming machines have been hacked; it's costing the company millions, and eccentric digital forensics expert Sam Flatt is brought in to find and fix the problem. But when Flatt stumbles onto the source of the technical trouble, he unearths massive financial fraud--and something far darker. UNALLOCATED SPACE is a thriller that delves beneath the surface and into the darkest recesses of humanity's capability for cruelty. It's a place where wealth and power can buy anything, and gamble for any stakes imaginable. And unimaginable. This is the third thriller from "unputdownable" author Jerry Hatchett, and the first in a series featuring the eccentric Sam Flatt as protagonist.
