Health Care Politics and Policy in America

Kant Patel, Mark E Rushefsky

Health Care Politics and Policy in America Kant Patel, Mark E Rushefsky

Fully updated for this new edition, "Health Care Politics and Policy in America" combines background and context for the evolution of U.S. health care policy with analysis of recent trends and current issues. The book introduces public policy students to the complex array of health care issues, and health care professionals to the study of public policy. It provides comprehensive coverage of policy issues related to health care at the federal, state, and provider/patient levels, from Medicare and Medicaid funding and managed care to medical liability law and ongoing debates over the beginning of life and end-of-life decisions. "Health Care Politics and Policy in America" successfully integrates political, ethical, economic, legal, technological, and medical factors in an issue-focused survey of U.S. health care policy. It includes a chronology of health care-policy-related events and legislation from 1798 through 2005, and an appendix comparing medical malpractice tort laws state-by-state.
