Mark Hawthorne

## **Striking at the Roots: A Practical Guide to Animal Activism** Mark Hawthorne

Animal protection is one of the most passionately debated issues of our day. In light of recent legislation and intensified pressure put on activists around the world, those advocates fighting for animal liberation or even animal welfare need a single resource covering the major, and some minor, models of animal activism.

*Striking at the Roots: A Practical Guide to Animal Activism* brings together the most effective tactics for speaking out for animals and gives voice to activists from around the globe, who explain why their chosen models of activism have been successful -- and how others can get involved.
