**El recuerdo infinito (Spanish Edition)** Raúl Ruiz-Berdejo, Manuel Briante

Muchos pueblos conservan relatos en los que describen la llegada de extraños seres procedentes de los cielos, pero nuestro dictatorial sistema ha relegado a los visitantes y ha denostado a los visitados, interpretando esas historias como simples leyendas o relatos mitológicos. Pero ¿nos encontramos simplemente ante historias fruto de la imaginación o esos relatos son el recuerdo deformado de un mestizaje entre seres extraterrestres y nuestros primitivos antepasados? Este libro aporta datos que nos harán cuestionar nuestro pasado más remoto y replantearnos las teorías que explican nuestro origen. Quizá algún día descubramos que el nacimiento de la especie humana no fue tal como imaginamos. Quizá algún día intuyamos dónde se engendró el ser humano. Quizá algún día encontremos en nuestro interior el recuerdo de nuestro pasado más remoto, el recuerdo infinito. "Si viviéramos en la Edad Media, la publicación de esta obra caería bajo la censura del Vaticano, nuestros queridos amigos y autores formarían parte de la amplia nómina de herejes perseguidos por los representantes de Dios y este trabajo se colocaría en la abarrotada pila de los textos prohibidos". José Lesta, escritor e investigador.
