In Nycole Folk's new series of erotica stories, Transforming Craig, a wife starts a journey of sexual awakening that not only transforms her husband but also herself. From a sexless and almost loveless marriage to heights (and depths) of passion and adventure, the unlikely heroine is guided on her journey by a wise aunt whose marriage has already been transformed. Follow along an erotic journey of discovery for Barbara and Craig.

In Episode Nine, Barbara finally brings another person to the marriage bed. Lisa, a beautiful young woman, joins her to dominate Craig and to please each other. It's not exactly his cuckold fantasy, but it's as far as Barbara is willing to go right now.

Here is a preview:

While she kissed me, she unsnapped my bra and when she pulled away, my breasts were out. She smiled and said, "Boys got nothing on me." I giggled, and she told me to drop my panties. Then, she took me by the hand and walked me to my room.

I thought it was odd that Craig was going to see me naked before he saw me in the outfit, but she stopped me outside of the door so he wouldn't see me. Then, she brought her finger to her lips to ensure I'd be silent and walked into the room. God! It was just maddening. I wanted to see his first reaction to the sight of her. I couldn't help myself and I peeked around the corner. I couldn't see her, but he was on his knees on the floor and facing away from the door, which is what "Go to the room" had come to mean for us. She walked out of my bathroom carrying some things and smirked at me. I realized he probably hadn't seen her, just kept his eyes forward like he was supposed to. He probably didn't know if it was her or me.

She took me by the hand and led me back to the guest room. It was strange how I was comfortable about being naked in front of her. When we got to the room she sat me down, and that was when I kind of got bashful about being undressed, but she was very reassuring and soft with me. Anyway, she painted my fingernails and my toenails in pink. Then, she did my makeup and put on soft pink lipstick. It was amazing to be pampered by her. She leaned in and kissed me softly on my mouth and then, as if to remind me what was going to happen, she gently kissed each of my nipples before she backed away. Each kiss was brief and almost chaste, but it was wonderful.
