Excerpt from A Treatise on Flour, Yeast, Fermentation, and Baking: Together With Recipes for Bread and Cakes

Your problem is to have this sentence repeated as often as possible in the homes of your customers. It's obvious that the more bread they eat, the more bread you'll sell.

The question is: How can you make your customers increase the amount of bread they eat? The answer is: By making better bread.

As every baker knows, good bread is chiefly a matter of materials and methods.

Fleischmann's Yeast

and straight dough methods are daily increasing the consumption of bread. Besides, thousands who formerly baked their own bread have been won over to the baker because of the better quality of his bread.

The recipes in this book were prepared with the idea of bettering the baker's business. Use any of the bread recipes given, and "please pass the bread" will be more frequently heard around your customer's tables.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com)

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
