BOOK #1 PREVIEW

There are natural antibiotics out there, and these are important to learn about. These natural antibiotics and home remedies can be done immediately, don't require much except for the item at hand, and you'll feel better in no time.

BOOK #2 PREVIEW

Essential oils are commonly thought of in our society as just a great way to make your home smell nice. What many people don't think about is the ways they can be used and incorporated into our cooking and other activities in order to improve our health.

BOOK #3 PREVIEW

Natural remedies have not received the same amount of scientific testing lately that modern medicine has. But, on the positive side, it hasn't had to face the rigorous testing stages most people abhor, such as animal testing, beta testing on people, etc. One thing people don't realize though is that for most new medicines, we are the first round test subjects. They don't know what the long term effects will be.

BOOK #4 PREVIEW

Prehistoric medicine predates the written word, and so it is often difficult to know for sure what was used to cure illness and how. However, there are some clues provided to us through archaeology and historical texts like the Bible about what people had used so long ago to treat their ailments.
