A COLLEGE FOOTBALL ROMANCE

**What happens when a hot football star and a beautiful science nerd are thrown together in what may just end up being more than a game?**

Christine works hard and studies hard. She's never been to a campus party and she can't understand how other students can just throw their education away. Hollis, the rising football star is the worst. But he's hot, and Christine has taken notice.

Hollis plays hard and parties hard. It's all just a game for him. He studies the minimum, just to hit his GPA requirements. He avoids nerds like Christine. They make him feel stupid. But she's hot, and Hollis has taken notice.

Then they're thrown together to complete a science project, and Hollis's performance will decide their grade. With the two spending so much time together, this could be a recipe for disaster, or it might just have them rub off on one another...
