Early one autumn morning in 1963, a young man drives his sweetheart to the office building where she is employed. She bounces from the black leather seat of his 1962 Chevy Super Sports and rushes to tape a note on the front double glass door. They both giggle as they ride through downtown Lenoir, North Carolina, on their way to elope. She rolls down the window and tosses out her gum before stretching across the console to give him a passionate kiss. Following thirty-two years of striving to preserve a not-so-perfect household while maintaining two separate careers, both soon encounter the medical maze of Vern Cline's unimagined heart ailment. A tiny weak bird fills his life with tenderness as he combats the frailty of his own body. The author is unambiguous in recounting the story of the last thirteen years of their marriage that discloses her husband's battle with an enlarged heart and prostate cancer.
