## **Heart-Centered Metaphysics** Paul Hasselbeck

Anyone who is curious about the nonphysical, intangible aspects of life is, on some level, a student of metaphysics. Heart-centered metaphysicians ask: What is the nature of God; What is the nature of humankind?; and What is the relationship between God and humankind? Their exploration is aimed at discerning the fundamental Truths, or Divine Ideas, that ring true for every human being, regardless of time, place and circumstance. As you expand your understanding of these principles, you will begin to experience the world differently, ultimately creating change in your outer life and circumstances. Through the understanding and compassionate application of heart-centered metaphysics, you can raise your own consciousness and at the same time contribute to an elevated consciousness in the world. This new level of awareness is our best tool for creating loving, fulfilling lives in a peaceful world. Open your heart and mind to Divine Ideas in this thought-provoking study guide. Each chapter features Summary Statements, Topics for Discussion, Thoughts for Reflection and Meditation and Suggestions for Supplementary Reading
