Grand relativity is a scientific book with a collection of theories in different fields of life and science. Some of these theories are a breakthrough theories in the scientific world like the Grand relativity theory, which is the grand theory beyond Einstein relativity theories. The theory application extends for all biological and non-biological matter in the universe including human being. The Intelligent Hybrid and the secret of the origin of human being which was hidden for millions of years, revealed in this theory. The Pure Adamate Race and Human being, who is the human being! Is there others with us, the theory answered this question and other queries. It also discovered the sequence of linkage to modern human. The Great Universal Spin, the creation of the universe by the great cosmic twister and not by the Big Bang as we are told. Psychological and physiological Retrogression of Mankind, Mankind existence is is on the verge of extinction since the signs for his retrogression have already started. Grand Relativity Theory, it is the grand relativity of the universe, the theory explains the creation and relation of mass and energy in the universe. It is not the gravity which holds the universe, it is the vital force which keep the universe in order and speed of light is no longer the speed limit of the cosmos.
