Dinosaurs and Other Prehistoric Animals Jo Ellen Moore

Who doesn't love dinosaurs?! In this 48-page unit, dinosaurs come alive to teach cross-curricular lessons in math, science, language, art and critical thinking. Three activities are outlined for each of four favorite books about dinosaurs, such as *Patrick's Dinosaurs* by Carol Carrick and *The Magic School Bus In the Time of the Dinosaurs* by Joanna Cole. There are four pages of reproducible dinosaur cards. The 16 cards each depict a different prehistoric animal in accurate line art. They can be used in several activities, including *How Many Syllables Do You Hear?* *Sentences that Describe*, and *Dinosaur Concentration*. Additional topics include *Other Prehistoric Animals*, such as the *Woolly Mammoth* and the *Saber-Toothed Tiger*, *Fossils*, and theories about the extinction of dinosaurs. Hands on science and art lessons include *Make Fossil Bones*, using a plaster of Paris cast, and *Three-Dimensional Dinosaurs*, which can be made from clay, aluminum foil or pipe cleaners. There are dinosaur riddles, a crossword puzzle, activity centers, a bulletin board, patterns for counting and a two-sided, full-color pull-out poster that shows the relative size of various dinosaurs on one side and the skeletons of prehistoric animals on the other. There is a page of teaching suggestions for the poster, a bibliography, and complete, step-by-step instructions for all activities. All pages are perforated for easy removal. Who would have thought you could fit so much about dinosaurs into just one book!
