ONE BOY. UNTOLD ENEMIES. WEAPONS MADE OUT OF GARBAGE.  
SERIOUSLY, WHAT COULD GO WRONG?

**Eleven years ago**, a band of ancient hunters battled an army of monsters in the town of Exile, and Phineas T. Pimiscule rescued his nephew, Sky, from a terrible evil. For eleven years, Sky Weathers has studied traps, puzzles, science, and the secret lore of the *Hunters of Legend*, believing it all a game. For eleven years, Sky's parents have dragged him across the U.S. and back again, moving from city to city in an effort to hide him from dark enemies while, unbeknownst to Sky, his uncle Phineas sacrificed everything to protect him.

For eleven years, Sky Weathers has known nothing of that day.

But on the eve of Sky's twelfth birthday and his family's long-awaited return to the town of Exile, Phineas disappears. To find him, Sky joins forces with a ragtag group of teenaged monster hunters who trap creatures using weapons made out of garbage and know even less than he does. But Phineas's disappearance is just the beginning; if Sky can't solve the riddles his uncle left for him in the next two days, Exile will burn. Sky's only hope for a solution lies in confronting the mysterious secrets he's denied for so long: Why did his family leave Exile on that day eleven years ago? What, exactly, has Phineas been preparing him for? And, the biggest mystery of all, who is Sky really and why does everyone want to kill him?!

Featuring lively characters, quirky humor, and an action-packed plot that covers the gamut of every monster you've never heard of, *Return to Exile*--a modern day fantasy adventure--is brimming with boy and girl appeal and is a gem for reluctant young readers and adults young and old.

Artwork by Caldecott-honoree John Rocco, illustrator of *Percy Jackson and the Olympians*, *The Heroes of Olympus*, *The Kane Chronicles*, and the Caldecott-nominated *Blackout*.

*Return to Exile* is the first book in *The Hunter Chronicles* series.
