People like *me* never got guys like him.

Hayden was an incredibly carved piece of muscular art and I was more of the large cushioned blow up doll you use for one night and never look back.

But Hayden was about to become the *best* stepbrother I could have ever asked for, and in more ways than one. I know that sounds strange, but it didn't feel strange at all. It felt right.

It *was* right.

It scared me alright, but it excited me even more.

But what would happen when he would leave again for six months? My Navy SEAL lover would surely forget about me.

And when he gets back and sees my pregnant belly ready to pop? I'm sure he will wish he never even knew me to begin with.
