“WARNING !

In order to bring this one of a kind story to life, we compulsorily used an unfamiliar narration style. If you cannot tolerate the singularity caused by this obligation, please do not bother to get involved with this book at all.”

What if what you thought that you knew as history is just an illusion?

Vienna, 1920. Wilhelm Reich is a medical student, working as a night nurse at a mental hospital, when he meets Maria Orsic, a beautiful young woman who happens to be suffering from paranoid schizophrenia. Wilhelm is captivated and finds himself falling in love. Then, one night, he helps her to escape, only to lose her the next morning.

Years later, he is a respected psychiatrist working in Berlin when he meets Maria for the second time. And he finds that she needs his help again — with a message she’s received from the aliens.

This tale is a complex one and includes mystics, Nazis, occult societies, the thousands-year-long invasion of aliens into the human genome, retro-chronal causality, secret codes within DNA, the number Pi, the Holy book and so much more.

"Save the Last Bullet for God" is a trilogy set of "Alpha Tauri Strain", "Code of Disjointed Letters" and "Homo Avatarius".
