A modern handbook of four-harness patterns for weavers of ally types, whether amateur of professional. Contains three hundred and forty-five threading directions ranging from simple twills to complicated techniquet. All are small patterns which may be woven on a sixteenth inch warp if so desired, except one chapter of very large patterns. Each design is given many treadlings. These are illustrated with over twelve hundred weavings all personally made. Directions are set down in a simple diagram. A valuable aid to teachers, occupational therapists, interior decorators, commercial weavers, as well as home weavers.
