Thomas Paine

**Common Sense (Penguin Civic Classics)** Thomas Paine

**The radical pamphlet that helped incite the American Revolution**

Penguin presents a series of six portable, accessible, and—above all—essential reads from American political history, selected by leading scholars. Series editor Richard Beeman, author of *The Penguin Guide to the U.S. Constitution*, draws together the great texts of American civic life to create a timely and informative mini-library of perennially vital issues. Whether readers are encountering these classic writings for the first time, or brushing up in anticipation of the 50th anniversary of the Civil Rights Act, these slim volumes will serve as a powerful and illuminating resource for scholars, students, and civic-minded citizens.

*Common Sense* is the book that created the modern United States, as Paine's incendiary call for Americans to revolt against British rule converted millions to the cause of independence and set out a vision of a just society. Published anonymously in 1776, six months before the Declaration of Independence, *Common Sense* was a radical and impassioned call for America to free itself and set up an independent republican government. Savagely attacking hereditary kingship and aristocratic institutions, Paine urged a new beginning for his adopted country in which personal freedom and social equality would be upheld and economic and cultural progress encouraged. His pamphlet was the first to speak directly to a mass audience—it went through fifty-six editions within a year of publication—and its assertive and often caustic style embodied the democratic spirit he advocated.

On the list of books in the top list in your reading list will be Common Sense (Penguin Civic Classics). This book which is qualified as The Hungry Hillside can get you closer in becoming precious person. By looking right up and review this e-book you can get many advantages.

#### **Jeffrey Messina:**

As a student exactly feel bored to help reading. If their teacher questioned them to go to the library or even make summary for some publication, they are complained. Just small students that has reading's heart and soul or real their hobby. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that studying is not important, boring as well as can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Common Sense (Penguin Civic Classics) can make you truly feel more interested to read.
