The world is full of books about perfect romances with everlasting horniness and endless nights of passion, but what about the losers, the misfits, the unloved? What happens to the girls the hunks screwed over for the woman of his dreams?

### **It's time to tell her story.**

The world has gone to hell and there is only one woman who can save it, and she doesn't give a sh\*t. This is the story of twenty year-old Effie (Persephone) Undernight who lives in a world where hunky powerful supernatural men grab women off the streets to love them forever, and the B\*tch still isn't happy.

Effie just refuses to submit to the conventions of paranormal romance novels, and even when she does, it goes horribly wrong.

**Effed Up is a dark comedic parody of the Paranormal Romance genre, with an insane careless heroine whose desire for revenge almost ends the world, which is basically a retelling of the Persephone and Hades myth.**

**Disclaimer:** The author is not responsible for any acts of urination, explosive defecation, farting, choking, spitting or any other embarrassing things which may occur during the reading of this material, including but not limited to spontaneous human combustion. This book contains sexual humor, profanity and other things that will get you into Hades.
