When I Make You Mine (The Richmond Series Book 1) Rae Daniel

This hysterical debut novella by Rae Daniel is filled with great laughs, steamy scenes, a hot alpha male ER doctor, and soooo much more!

About the Book:

Reeling from a recent break-up, Anne is surprised when she meets Jim, her handsome ER doctor. She's been burned one too many times before, with the most recent relationship fail happening not even an hour before they meet! Catching her on-again-off-again now definitely-off-again boyfriend with her roommate, in her own living room, was definitely not how she planned on spending her Saturday. She definitely didn't plan on spending it in the ER either!

It's not been Anne's best day, to say the least!

Jim's been looking for 'The One' for what seems like forever. His work hours limit his dating life and any women who come into the ER are either drunk out of their minds or are on enough drugs to make rock stars jealous. Getting involved with a patient is the last thing that he wants or needs.

Until Anne.

Will Jim and Anne get their happy ever after or does Ben, her best guy friend, have intentions of his own? ~If Jim has anything to say about it, "...not over his dead body."

Sometimes, you have to close your eyes and listen to your heart in order to see the future.

This is book one in a stand alone series that will follow Anne and her three friends through their crazy and hilarious antics in addition to their passionate love lives. Each friend will have their own stand alone.

Book Two: When I Become Yours - Ben & Renee's story is set to be live sometime in April.
