Lewis B. Smedes

Sex for Christians: The Limits and Liberties of Sexual Living Lewis B. Smedes

Now considered a classic statement on sex and sexuality from a Christian perspective, Lewis B. Smedes's *Sex for Christians* offers a frank yet compassionate discussion that is refreshingly open-minded and strongly biblical. The book is divided into three major sections. The first, "Sex and Christian People," overviews human sexuality -- its created goodness, its sinful distortions, and its redeemed potential -- what we are as human sexual beings. Part Two, "Sex and Single People," and Part Three, "Sex and Married People," are about sexual behavior in each succeeding stage of life -- the things we do as sexual beings.

With the addition of an extensive epilogue, Smedes brings his text into clear focus with today's pressing issues -- AIDS, cohabitation, homosexuality, and the need to develop Christian strategies regarding sex. And with the hindsight of two decades since *Sex for Christians* first came out, Smedes presents an even stronger statement of his two sources of authority: the Bible's moral standards regarding sex, and the authority of reality as we discern it.

Smedes's attempt to present "a Christian perspective for a truly human sexual life" has resulted in a sexual morality that, within a biblical perspective, is as liberating as it is limiting.
