You know all those things you wish someone would tell you but they're too afraid to because it might scare or offend you? I might have written this book knowing it would either offend you, or open your eyes to a new way of seeing. I delve deeper into things like meditation, energy, and raw psychic ability because I think it's about time someone brought you to a new plane of awareness. Clients are always telling me I'm not like the normal folks and when it comes to psychic ability I don't do things the way everyone else does. I'm here to teach you more of my mad methods, give you more insight into what it's really like to be psychic, and expand your mind once again while avoiding things like spontaneous human combustion. You'll be offended by my take on mediumship, fascinated by the way I do past life readings, and might look at me like I'm a whole ball of crazy when it comes to a few of those energy techniques. Sorry, not sorry, so not sorry. And like my last book everything I teach is everything I can do and have done for my clients worldwide.
