Students in medical professions need to develop skills in documenting patient care. This unique, straightforward "how-to" text and reference, written specifically for physician assistants (PAs), will teach them how to write SOAP notes, document patient care in the office and hospital settings, and write prescriptions.

This book is basic enough for beginning students, yet useful enough for practicing professionals.

"GREAT! Specifically addressed PA concerns with appropriate information. Enjoyed the 'Practice' format and especially the pearls." -- *Peggy D. McMillen, MPAS, PAC, PA Studies, East Carolina University, Greenville, North Carolina*
