Getting students to successfully apply abstract microeconomic tools to complex, real-world problems is the ultimate goal of intermediate microeconomics--and goal of Jeffrey Perloff when he pioneered the use of step-by-step Solved Problems. By setting practice and applications in the context of real companies and using real data for analysis, he leads students to connect microeconomic models to actual decisions being made in today's marketplace. An enhanced version of MyEconLab, the online homework and tutorial resource, is tightly integrated with this Fourth Edition. The text directs students online for additional learning resources, and MyEconLab incorporates both exercises and Solved Problems pulled right from the book. Students who purchase a new copy of Microeconomics receive access to MyEconLab is available at no additional cost. This text comes packaged with an access kit for the new easy-to-use format of MyEconLab, which requires no set-up by the professor. With this, students can access practice problems for each chapter in the book, graphing questions, learning resources, and live tutoring. Professors who plan to use advanced course management online should order the book with MyEconLab in CourseCompass. View 'Alternate Versions' of this book on the web catalog page, or contact your local representative for details.
