Hawaii is justly famous for the beauty of its beaches, but there's much more to see than sand in the Aloha State. Hawaii has the greatest variety of terrains and climates of any state: here are tropical rain forests, arid deserts, alpine mountains (complete with ski slopes!), and the world's only drive-in, active volcano. As rich in history as it is in beauty, Hawaii offers some of the most unforgettable drives anywhere. Scenic Driving Hawaii provides comprehensive trip planning information, as well as complete descriptions of eighteen drives on six of the seven inhabited islands. Also provided is information on camping, travel services, historical points of interest, and a glossary of Hawaiian words. Detailed maps and black-and-white photos complement the drive descriptions, and eight pages of stunning color photographs will start you yearning for the open road, Hawaii-style.
