The first part of the book consists of a narrative assessing the literature on the Spanish Armada in terms of background, history, leaders, preparations and tactics, and the consequences of the conflict. Source materials include all published books, monographs, official histories, government publications, dissertations, bibliographies, pertinent journals and periodicals and related articles, collections of archival and research sources and their locations, other significant holdings, published and broadcasted interviews, fiction, drama, and art. English, Spanish, French, Dutch and other Western languages are covered in a comprehensive manner, and both English and Spanish perspectives are presented carefully. The book also offers a short chronology. The index cites authors and subjects both.
