Halden Blake was a good soldier and a good man. He never intended to be a hero, and he definitely never intended the events that landed him in intergalactic politics. Now, three presidential terms later, Halden must decide if running for office again is worth five more years of putting his own life on hold.

Isaac Knox has been President Blake's public liaison from the start, an ally and friend through difficult times. Halden has always carefully resisted thoughts of more, and Isaac has never given any hint of returning his guarded attraction. But when Halden finds himself struggling with questions about his own future, Isaac makes a surprising offer that could change everything.

A story from the Dreamspinner Press 2015 Daily Dose package "Never Too Late."
