## **Yookoso! Continuing With Contemporary Japanese, Volume 2** Yasu-Hiko Tohsaku

Yookoso! Continuing With Contemporary Japanese is the second volume of a two-volume series for beginning and intermediate Japanese. Employing an eclectic approach based on modern principles of second language acquisition, it is the first intermediate Japanese text to integrate the teaching of all four linguistic skills. Each chapter contains listening, speaking, reading, and writing exercises of various types. All Japanese-language material is written in natural kanamajiri style with furigana. Grammar is treated as a tool for developing communication skills, not as the focal point of the text, and the chapters are organized in a way that accommodates many different teaching and learning styles. Brief English descriptions of contemporary and traditional Japanese culture, each related to the theme of the chapter, provide a context for language learning, and the illustrations, including photographs, line drawings, and realia, enhance student interest and serve as starting points for classroom exercises. In addition, Yookoso! is unique in having a full set of ancillary materials.
