### Introduction

I spent many years as a makeup artist working with photographers before digital cameras and Photoshop existed. Together we turned the girl next door into a glamour queen every day.

This book has been designed for the everyday woman, young ladies still at school or leaving school and those who may want to update their skills. Perhaps you've never learnt how to apply makeup or just don't have the natural flare others seem to have. Here you'll work step by step through Classic & Smokey eye designs, use professional brush & blending techniques, lip and brow tips that professional makeup artists use every single day.

The Classic eye design is an adjustable, classic design that never dates. It's suitable for all occasions. The Smokey Eye is ideal for that jaw-dropping, whiplash-causing, smoking HOT look a girl simply must have!

Photos are raw and realistic; no Photoshop has been used in order to help you achieve a similar result.

Enjoy,  
Tracey Langdon
